OBJECTIVE: Seeking opportunities as a **Full Stack Developer, Software Engineer, or Web developer**, contributing to the design and development of **scalable and robust software solutions, software development, problem-solving, and programming principles**, with experience in **frontend and backend technologies**, and applying best practices in software architecture within collaborative engineering environments.

TECHNICAL SKILLS

- Languages: C#, JavaScript, and Java
- Frontend: React, React Native, HTML5, CSS3, Tailwind CSS
- Backend: Node.js, Express.js, .NET Core, REST APIs, Firebase (Auth)
- Databases: SQL Server and MongoDB
- Dev Tools: Git, GitHub, Visual Studio, VS Code
- Concepts: OOP, Agile, SDLC, and CI/CD pipelines

SOFT SKILLS

- Communication skills
- Problem solver
- Eagerness to learn
- Adaptable to new technologies

WORK EXPERIENCE

Full Stack Developer Intern - Interact Health Pro - Canada (October 2025 - Present)

- Accelerated feature delivery by 3x (reducing cycles from 2 weeks to 5 days) by integrating AI-assisted development tools
- Improved user experience by decreasing frontend error occurrences by 10% through standardized error handling and clearer feedback loops
- Reduced debugging time by 20% by implementing a more structured troubleshooting approach across the MERN stack (MongoDB, Express.js, React, and Node.js) and other technologies (JavaScript, Expo, Tailwind CSS, REST APIs, Firebase)
- Cultivated team productivity by authoring comprehensive technical documentation for workflows and environment setup
- Strengthened code architecture, achieving a 20% reduction in regression bugs by promoting modular design and maintainability

EDUCATION

Computer Programming – Full Stack and Programming (January 2024 – April 2025)

Conestoga College - 108 University Ave, Waterloo, ON N2J 2W2

- Built a full-stack ASP.NET Core web application using C# and MS SQL Server as part of a capstone project
- Developed a C# game project using MonoGame, managing source code and versions with GitHub

- Developed a simple Tic-Tac-Toe mobile game using Flutter as a final project for the Mobile Application Programming course

Computer Course – IT Fundamentals Course (January 2017 – December 2017)

Av. Major Williams, 2084 - São Francisco, Boa Vista, Brasil

LANGUAGES

- English: Advanced
- Portuguese: Native
